Aimed at players who are looking for a more advanced gaming experience, CasinoJEFE attracts players with superb bonuses and extensive gamification, designed to make playing even more fun! Despite all the cool features, great care has been taken to ensure reliability and smooth operation, as these are the cornerstones of any casino experience.

Just the welcome bonus the player wants

Upon registration, new players receive 11 Free Spins on the NetEnt game Spinata Grande, but for CasinoJEFE, this is just warming up. The actual welcome bonus is divided to the player's three first deposits, and the players get to choose between a generous Free Spin offer and a great deposit bonus!

Let's start with the free spin offer, which is detailed below:

First deposit

A deposit of €25 or more gives the player 20 Free Spins on Spinata Grande.

In addition to the above, a deposit of €50 or more gives the player 40 Free Spins on the NetEnt game Steam Tower.

In addition to the above, a deposit of €100 or more give the player 14 more valuable Super Spins on the NetEnt game Starburst.

And finally, in addition to the above, a deposit of €300 or more gives the player 20 even more valuable Mega spins on the NetEnt game Guns N' Roses.

So, in total the player can get up to 94 Free Spins of different values on the first deposit!

Second deposit

The offer continues on the second deposit, where the player gets 20 Free Spins on Spinata Grande on a deposit of €25 or more.

In addition to the above, the player gets 40 Free Spins on the NetEnt Game Gonzo's Quest when depositing €50 or more.

In addition to the above, a deposit of €100 or more gives the player 10 Super Spins of Spinata Grande.

And when making a deposit of €300 or more, the player gets 14 Mega Spins on Guns N' Roses in addition to the above.

So, again, on the second deposit the player had a chance to get a massive amount of Free Spins, on second deposit the total is 84 Free Spins of different values.

Third deposit

Finally, on the third deposit, a new player gets 20 Free Spins on the NetEnt game Jack and the Beanstalk when depositing €25 or more.

When the deposit is €50 or more, the player gets 40 Free Spins on the NetEnt game Fruit Shop in addition to the above.

When depositing €100 or more, the player gets 10 Super Spins on Gonzo's Quest in addition to the above.

If the third deposit is €300 or more, the player gets 24 Mega Spins on Guns N' Roses on top of the aforementioned, so again, the player has a chance to bag an impressive amount of Free Spins! On third deposit the total is 94 – this in turn means that on the three initial deposits the player has a chance to get up to 272 Free Spins of different values!

And regarding Free Spins – at CasinoJEFE we think Free Spins are a superb bonus for the players. To make them even more appealing, all the winnings from CasinoJEFE Free Spins are always free of wager requirements!

Although we love Free Spins, we understand not all players share our opinions. Therefore we also give the players a chance to select a deposit bonus for the three initial deposits. On the first deposit the bonus is 100% up to €100, second one gives 50% up to €100 and on the third deposit the bonus is 75% up to €75. This means the total bonus available for new players on their first three deposits is a whopping €275!

Extensive gamification makes playing even more fun

In order to make playing more fun and engaging, CasinoJEFE offers the players extensive gamification. When playing the player fills the three meters, the Level Meter, the Bounty Meter and the JEFE Wheel Meter, which all give different bonuses.

The Level Meter indicates the player's rise to the next level. Each level has its own bonuses, such as reload bonuses, which naturally are more generous on higher levels.

When the Bounty Meter is full, the player gets a Bounty. The Bounties are Free Spin packages to various games, and they are different each time the meter is filled.

The third meter, the JEFE Wheel Meter triggers a really cool feature, The JEFE Wheel, when it's filled. The JEFE Wheel gives the player a chance to win fabulous prizes, such as the €5,000 Jackpot! Other prizes include smaller Jackpots and several Free Spin packages.

Actively contacting players to increase engagement

The CasinoJEFE team regularly contacts the players with special offers and campaigns to further increase their engagement. All communication and offers are individually tailored for player groups and locations to make them more relevant to the recipients.

In addition to bonuses and Free Spin offers, typical communication is related to for instance new game launches or special calendar events. At times the players might even receive free JEFE Wheel Spins just as a sign of our appreciation!
